Dear Ms. Dortch:

On October 1, 2003, Robert Mulloy, Harry Lee and Robert Fontana from Multispectral Solutions, Inc. (MSSI) met with Ed Thomas, Julie Knapp, John Reed and Alan Scrim from the FCC Office of Engineering and Technology (OET).

We discussed the status of FCC's review of the responses to the Further Notice of Proposed Rule Making (FNPRM) in the above referenced Docket. Specifically, we discussed MSSI's submission to the FNPRM regarding pulse desensitization correction.

Pursuant to Section 1.1206 of the Commission's Rules, 47 C.F.R. 1.1206, an original and one copy of this letter have been submitted for inclusion in the public record. Please let me know if there are any questions.

Respectfully submitted,

Robert J. Fontana, Ph.D.
President
